OMC Abogados & Consultores Awarded “2025 Outstanding International IP Service Teams” in China

The Peruvian law firm OMC Abogados & Consultores has been honored with the “2025 Outstanding International IP Service Teams” award. This prestigious recognition is presented by China IP Magazine, one of the most prominent media outlets specializing in Intellectual Property across China and a significant part of Asia.

The awards ceremony took place at the Beijing International Hotel, held within the framework of the 2026 Enterprise IP Strategy Forum and Annual Conference of In-house IP Managers.

The primary objective of this accolade is to recognize and highlight foreign firms and institutions—regardless of whether they maintain an office in China—that leverage their extensive experience to deliver the high-quality Intellectual Property services demanded by this competitive and rigorous market.

The list of winners for this edition featured representatives from Asia (Vietnam, South Korea, Afghanistan, Thailand, Kazakhstan, and Singapore), Europe (France, Germany, Ukraine, Italy, Russia, the United Kingdom, and Greece), North America (the United States), and South America (Brazil, Peru, and Venezuela).

Protect your intellectual property in Peru and throughout Latin America with the specialized legal advice of OMC Abogados & Consultores:
